To Whom It May Concern,

It is with great enthusiasm that I recommend Saranne Aguirre for a position within your organization. I had the pleasure of teaching Saranne in several graphic design courses, including Design Fundamentals (ART 1120), Typography and Layout (ART 1230), and Adobe Creative Suite-focused classes such as InDesign (ART 1200) and Illustrator Software (ART 2412). Her exceptional talent, reliability, and dedication to excellence make her an outstanding candidate for any creative team.

Saranne consistently demonstrated a thorough understanding of design principles and elements, creating visually compelling and cohesive projects that showed an advanced grasp of typography, layout, and branding. Her attention to detail and ability to establish strong visual hierarchy resulted in designs that were not only professional but also highly engaging. She excelled in using the Adobe Creative Suite to craft dynamic, marketable concepts that aligned with brand identity while pushing creative boundaries.

Beyond her technical skills, Saranne's work ethic and professionalism stood out. She is dependable, thorough, and highly effective in managing time-sensitive projects. Her collaborative spirit and ability to respond thoughtfully to critique make her a valuable team player capable of enhancing brand potential and marketing strategies.

I am confident that Saranne Aguirre's creative vision, technical expertise, and commitment to quality will make a positive impact on your organization. Please feel free to contact me at [Your Email] or [Your Phone Number] if you require any additional information.
